The artwork that earned Award of Excellence at the district will be advanced to the state level. The returning artwork will be displayed at Wyatt with the exception of Anusha Dabak’s painting, which will be on display around the district through the spring.

Next year’s theme is “The Magic of a Moment” and I hope that your children will be thinking about how to express that artistically for next fall. If your child participates in any after school or summer arts camps, encourage the instructor to allow them to create based on this theme. Current fifth grade students can participate as sixth graders at Rice next year.

We are proud of every one of these students and their talent and hard work!
